

# Hazard Mitigation Plan Public Survey

Clermont County is updating the Hazard Mitigation Plan (HMP). The purpose of the HMP is to:

- Identify and prioritize hazards that could impact the county, cities, villages and townships
- Identify mitigation actions to reduce damage and losses from disasters
- Establish a coordinated approach to implementing risk reduction measures

We are soliciting public input. Please share your opinion about what hazards are most concerning and the mitigation actions that are important to your community. The survey should take 5-10 minutes. Responses are anonymous.

For more information, go to: <http://ema.clermontcountyohio.gov/mitigation-plan/> or call 513.732.7661.
